in10tjon

Offices in Australia & Philippines.

We specialize in building and maintaining brands by providing a high quality of custom design and digital solutions.

We currently have a successful reoccurring business model with over 600 subscribers for products such as Website Care Plans, Website Hosting, SEO Plans etc.

This business model has personally allowed me to spend more time away from the office, freeing up my time to pursue other passions.

- Web Servers: Apache, Openresty (nginx)

WORK EXPERIENCE

Throughout my career I've worked at some of Australia's biggest companies and Government Departments including Universities, Tech & Web Agencies, and retail chains.

WHY VOTE FOR ADRIAN PANTE

Hi Komodians,

I would like to take this opportunity to put myself and my System Administrator John Pearce forward as a candidate to host Notary Nodes. I have been a active member of the Komodo Slack and Telegram community since November 2017, and I have spent major hours designing and implementing new visuals and branding elements across all forms of media to help enhance the Komodo brand within the blockchain industry. I have developed a passion for the Komodo brand, and I feel a major responsibility to uphold the brands integrity and world class identity well into the future. A vote for me would allow myself and my agency to allocate the same amount of time and recourses to the Komodo community that we have provided over the previous 12 weeks.

A VOTE FOR ME WILL HELP KOMODO'S BRAND EVOLVE INTO A WORLD CLASS IDENTITY. SEND YOUR 'VOTE 2018' TOKENS TO;
